### **WE CREATE CANDLES AND SPREAD LOVE**

If you love candles, if you are fascinated with their fire, their radiated warmth, aroma and shadow dance, then follow us. Our candles are made by hand with 100% Soy wax. Soy wax is new, green, and absolutely natural raw material.

**WE VALUE EACH CUSTOMER** and strive to ensure that the owner of our candle enjoys the heat and light, emitted fragrance, unique aesthetic image, in which our candles are made. Our candles are attractive, bright and beautiful.

We use essential oils in our candles the same aromatic fragrant oils are used in the manufacture of perfumes and body lotions, which in itself is a guarantee of high quality and environmental friendliness. Be sure that each candle is filled by hand, made with love and respect for the environment and your health. We are proud to make truly perfect candles and crave to share our joy and pride with you.
